

Cure CLCN4

Scientific Conference 2024

Poster Session

Abstract Submission Guidelines (deadline 6th May)

Preparing your abstract

The poster session will be held on the 8th June (Conference Day 2). If you would like to present a poster please send a document containing the following elements to rebeca.rf@cureclcn4.org by **6th May**.

- Title, authors & affiliations (please clearly indicate who will be presenting the poster)
- Abstract (maximum of 250 - 300 words)

Criteria for abstract acceptance

Abstracts will be selected based on:

- Clarity and presentation
- Significance - abstracts will be evaluated based on their relevance to research on CLCN4-related neurodevelopment condition and related topics (rare disease, neurodevelopment disorders, ion channels and transporters, precision medicine). Submissions that address these areas and present innovative, informative, and well-supported research findings will be given priority consideration.

We particularly encourage and support participation from PhD students and early-career researchers.

How to submit

Please send your poster abstract to rebeca.rf@cureclcn4.org, or alternatively info@cureclcn4.org by **6th May**.

Notification of selected abstracts

Authors of selected abstracts will be notified by **10th May**.
